

CHYTEN

ENRICHMENT PROGRAMS AVAILABLE

SUMMER 2009

CHYTEN SCOTTSDALE

Take advantage of the summer months in our “COOL” state-of-the-art tutoring center to develop new math or writing skills, remediate any courses needed to get to the next course level or advance your future course work to be able to have a jump start when school starts in August. All these within the flexibility of your own family vacation schedule. We can develop a plan around your schedule and be totally flexible with our one-on-one programs or you can participate in one of our pre-scheduled classes.

Here are some of the offerings we will be providing this summer:

1. ***Test Preparation for College Exams*** –

One Week Intensive Boot Camps SAT or ACT in either [June or July '09](#) or one-on-one tutoring by appointment.

2. ***Expert preparation for June or Fall SAT Subject Tests*** –

Pick a subject that you want to prepare for either June or Fall Dates and let our expert tutors prepare you. We have experts in variety of subjects ranging including languages (Spanish, French, and Italian); Calculus; Physics; Chemistry; Biology; History and Social Sciences.

3. ***Math Sense Review*** –

Designed to make sense of basic math, numbers and algebra before going to high school. This is a two week program July 6th – 17th (9:00 am – 12:00 pm.) Can also be taken with the RANDD program below for a full day program for middle school students.

4. ***Reading and Study Skills Program*** – RANDD offered in two modalities -

- a. For *middle school students* and upcoming HS freshmen – This is a two week program July 6th – 17th (1-4 pm.) Can be taken alone or in conjunction with the Math Sense Review Program above.
- b. For *upcoming HS Sophomores _Seniors* – Intensive one week program – June 29th – July 3rd (9:00 am – 12:00 pm.) – design to help you gain lifelong skills.

5. ***Advanced Placement or Remedial Learning*** –

You can even take an AP course in a subject not available at your school ahead of the school year so you can concentrate on college applications, sports or carry a heavier load in the fall. Or you can take a remedial course in a wide range of subjects. Courses are available at many different levels from regular to honors or AP. All tutoring will be on an individual basis.
