Company Description

Chyten is the only franchise of its kind in the education industry. Chyten brings a whole new style curriculum, individualized one-on-one tutoring by tutors who all have at least a Masters Degree and teaching experience. Tutoring & related services are done in beautifully appointed, professionally designed Centers in prime locations. We are the only, one stop, full service provider of premium educational services in the country. We utilize proprietary strategies developed and refined over the past twenty five years.

FAQs

About the Chyten Franchise Program

Q: What will I receive as part of the Chyten franchise?

A: Chyten will work with you in a step by step process, providing all the assistance you will need to open your franchise location. You will be trained in every facet of operating your franchise location. You'll have access to all the proprietary Chyten techniques and materials as well as the most unique proprietary software program in the industry.

Q: Do I need experience in the education field?

A: No education experience is needed. We look for individuals with good communication and business skills. You will be thoroughly trained in all aspects of the business. Chyten will help interview, hire and train your tutors and provide all the tools you, your tutors and students require.

Q: What is the initial fee?

A: The franchise fee is \$37,500.00. This fee funds the site selection, lease negotiation of your Center & your formal headquarters based & on site training. Additionally, we will provide the services needed to get your Center open.

Q: What is the term of the franchise agreement?

A: The agreement is for 20 years with 20 year renewals. This term allows you to build your business with the security of knowing it is your business (or your family's business) for many years to come.

Q: What is the initial investment?

A: The investment will vary based on your location. We will help negotiate the lease on your behalf, assist you with financing options and help identify costs related to opening a Chyten franchise. You will not purchase your franchise until all the location & financial requirements are put in place to your satisfaction.

Q: What training will I receive?

A: In our training school we assume you have no background in education and that you have never owned a business prior to Chyten. You will have a 10 day training program covering all facets of operating a successful Chyten franchise. We will assist you in the interviewing, hiring & training of your tutors (all whom have a minimum of a master's degree & teaching experience). We will work along side you every step of the way to the opening on your Center.

Q: What about ongoing support?

A: We will provide ongoing support services to you personally on site, by phone & e-mail. You will have someone to help you every step of the way as you build your Chyten franchise. We have a network of regional support personnel throughout the country who are available locally to assist you along the way.

There are many more details and features about the Chyten franchise you should know about. We encourage you to contact us to discuss the Chyten franchise opportunity. We are not just selling franchises here at Chyten; we are building Chyten into a nationally recognized company unlike any other education business in America. We are looking for good solid people; individuals who are looking for a business where they can make a difference in young people's lives and at the same time build a solid future for their families.
